POCAHONTAS

Pocahontas was a brave and kind Native American girl who lived a long time ago. She was born around 1595 and grew up in Virginia.

Her father was Chief Powhatan, a powerful leader of many Native American tribes.

When Pocahontas was about 12 years old, English settlers came to live near her home.

At first, her people and the settlers didn't get along very well. But Pocahontas helped make peace between them.

One famous story says that Pocahontas saved the life of an English settler named John Smith.

She became friends with the settlers and helped them learn how to grow food and survive in their new home.

Later, Pocahontas married an Englishman named John Rolfe. She even traveled to England, where she met the king and queen.

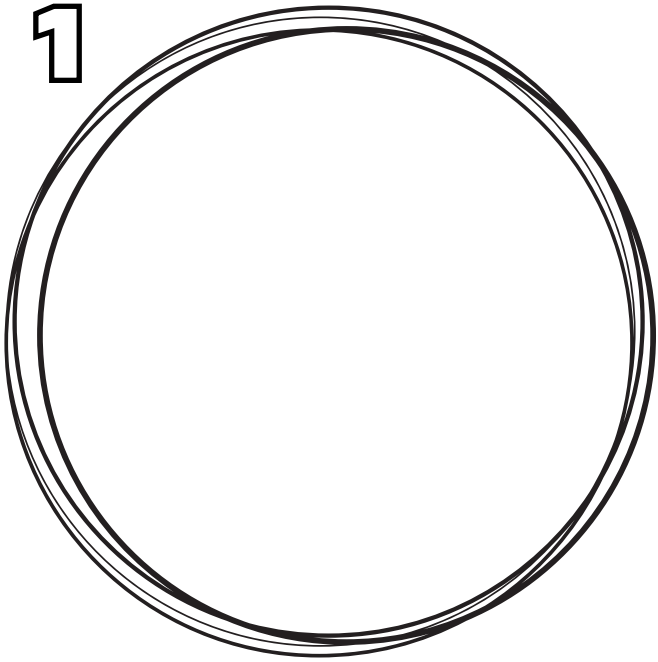

Pocahontas's life shows us how kindness and understanding can bring different people together.
